
RESOLUTION NUMBER 20-44

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF FORT MYERS BEACH FLORIDA REGARDING APPLICATION VAR20200069, FOR A VARIANCE TO THE REQUIREMENTS OF THE FORT MYERS BEACH LAND DEVELOPMENT CODE FOR THE PROPERTY LOCATED AT 253 OSTEGO DRIVE; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, applicant 253 Ostego LLC (“Applicant”), owner of the property located at 253 Ostego Dr (“Property”), is requesting a variance from Sec.34-1174(b) of the Town of Fort Myers Beach Land Development Code (“LDC”); and

WHEREAS, the STRAP number for the Property is 19-46-24-W4-00402.0220 and the legal description of the Property is attached as *Exhibit ‘A’*; and

WHEREAS, the Property is located in the ‘Residential Conservation’ zoning district of the Official Zoning Map and the ‘Mixed Residential’ category of the Future Land Use Map of the Comprehensive Plan of the Town of Fort Myers Beach, Florida; and

WHEREAS, a public hearing on this matter was legally noticed and held before the Local Planning Agency (LPA) on September 10, 2020, at which the LPA gave full and complete consideration to the request of Applicant, recommendations of staff, the documents in the file, and the testimony of all interested persons, as required by Section 34-84 of the LDC; and

WHEREAS, on October 5, 2020 the Town Council held a duly noticed public hearing to fully consider the request of the Applicant, the recommendations of Town staff and the LPA, the documents in the record, and testimony of all interested persons as required by LDC 34-87, and the Town Council determined it is in the best interest of the Town to approve the request.

NOW THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF FORT MYERS BEACH, FLORIDA, AS FOLLOWS:

Determination.

Based upon the recommendations, testimony, and evidence presented by the applicant, Town staff, and interested parties, the Town Council **APPROVES** the following:

- A. A variance from Sec. 34-1174(b) that determines no accessory use, building or structure shall be located closer to a street right-of-way line or street easement than the principal building to allow the construction of a pool 5 feet from the right of way of Ostego Dr. and approximately 15 feet from the Edge of Pavement.

Recommended Findings and Conclusions:

In accordance with the requirements of Sections 34-84 and 34-87 of the LDC regarding consideration of eligibility for a variance, the Town Council makes the following findings and reaches the following conclusions:

- A. There **are** exceptional or extraordinary conditions or circumstances that are inherent to the property in question, and the request **is** for a de minimus variance under circumstances or conditions where rigid compliance is not essential to protect public policy.
- B. The conditions justifying the variance **are not** the result of actions of the applicant taken after the adoption of the regulation in question.
- C. The variance granted **is** the minimum variance that will relieve the applicant of an unreasonable burden caused by the application of the regulation to the property in question.
- D. The granting of the variance **will not** be injurious to the neighborhood or otherwise detrimental to the public welfare.
- E. The conditions or circumstances on the Property for which the variance is sought **are not** of so general or recurrent a nature as to make it more reasonable and practical to amend the regulation in question.

Conditions of Approval

1. *Nothing in the approval of this variance, including any of the attached conditions, may be construed as a variance or deviation from the provisions of LDC Chapter 6, Article IV Floodplain regulations. Approval of this variance does not exempt the subject property from any provisions of the LDC with the exception of the approved variance.*
2. *The variances shall apply to this property as shown on the provided plan dated 07/29/2019 by LIS Engineering Land Surveying. No deviations from the measurements of that plan greater than 0.1 feet shall be permitted.*
3. *Applicant will provide a continuous vegetative buffer between the pool fence and the right-of-way property lines. A hedge buffer consisting of double staggered rows of shrubs meeting the standards of LDC Sec. 10-420 shall be planted between the pool and the eastern boundary of the subject property prior to the issuance of a certificate of completion for the pool on the subject property*
4. *The applicant will ensure that the site visibility triangle is not compromised for other vehicles due to the vegetation.*

Effective Date.

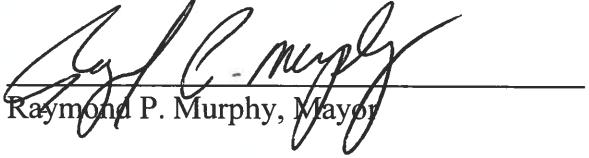

This Resolution shall take effect immediately upon adoption.

The foregoing Resolution was adopted by the Town Council upon a motion by Vice Mayor Hosafros and seconded by Mayor Murphy, and upon being put to a vote, the result was as follows:
